**LEVEL 1 COURSE**

# **UNDERSTANDING PEOPLE & COMMUNITIES**

**Understanding People & Communities is an introduction to working with diversity, equity and inclusion in P2/engagement.**

**You will learn:**

- Identify and apply an approach for understanding people and communities for P2/engagement processes
- Reflect on factors of cultural competence and cultural humility and assess your practice and approach against the factors to identify areas of strength and growth
- Apply a variety of analysis and mapping tools to understand diversity, map values and perspectives
- Identify ways to increase access and centre equity by reducing barriers to participation
- Reflect on how to build rapport, trust and relationships with people and communities and apply and assess approaches in a P2/engagement scenario
- Assess and apply diversity and values mapping to planning and implementation of meaningful and effective P2/engagement across the Practice Framework
